This is LG's Laundry family which consists of their latest flagship Twinwash system. TWINWash™ is a washing solution that has never existed before. It is all about efficiency, helping you get more clothes cleaner in less time by washing two separate loads simultaneously. TWINWash™ Mini, a pedestal type washing machine, helps give special care to your loads

Why choose us.

At Totally Intouch we are at the forefront of Technology and when some new Tech or Gadget appears in the tabloids we can guarantee that if it's any good then we will already have in our product range. So if you have seen some Tech or Gadget and are not sure whether or not to take the plunge and make then please talk to us first.

The Nest Learning Thermostat learns the temperature you like when you're at home. It turns itself down when you're out to help save energy. And you can control it from your phone. Just turn it up and down. With Auto-Schedule, the Nest Learning Thermostat learns from you and programs itself. Change the temperature from anywhere using your phone, tablet or laptop. Use your home assistant and your voice to change the temperature. The Nest thermostat starts at £219.99 plus installation

Hands-free help from the Google Assistant. Get answers, play songs, tackle your day, enjoy your entertainment and control your smart home with just your voice. Listen to music, playlists, audiobooks and more, getting rich sound from Google Home's high excursion speaker.

Google Wifi is a home Wi-Fi solution that works with your modem and Internet provider, so that you can stream, download and share without missing a beat. The Google Wifi app² lets you see what's connected, run a speed test, quickly troubleshoot, set up a guest network and more.

Sonos is the wireless home sound system that fills as many rooms as you want with great-sounding music, movies and TV. Stream via WiFi. Play whatever you're craving. And amp up every moment with intense, pulse-pounding sound. The Sonos family starts at £199.99 for the entry level Sonos One.
